

# Cancer doesn't wait. Neither should you.

## Regular cancer screening can save your life.

Screening tests like mammograms and colonoscopies can detect cancer before it starts or catch cancer early when it may be easier to treat. Many tests are available for free or covered by insurance.

### Talk to a doctor about which screening tests are right for you.

**Age 25+** Cervical screening

**Age 45+** Colorectal & breast screening

**Age 50+** Discuss lung screening with doctor
