## I VOTED FOR IMMIGRATION REFORM

<http://lulac.org/CIR2013>

Dear Member of Congress,

As a constituent and as someone who voted in the November 6th elections, I strongly urge you to support the passage of Comprehensive Immigration Reform that provides undocumented workers with a pathway to citizenship; addresses employment-based immigration demand by restructuring the system that issues

employment visas; and reunites American families by allowing the sponsorship of same-sex partners to immigrate to the US. These issues are important to me and I look forward to hearing from you on your positions on immigration reform. I hope you will consider voting to support Comprehensive Immigration Reform in the 113th session of Congress.

Sincerely,
