Resolution in Support President's Initiative to Expand DACA and DAPA

Whereas The United States 114th Congress has failed to pass a Comprehensive Immigration Reform bill.

Whereas the expansion of DACA and DAPA are necessary steps until a comprehensive Immigration law is passed by congress and signed by the president.

Whereas the undocumented and their children need access to legal counsel, health care, and other social services,

BE IT RESOLVED that LULAC National creates a commission to review and recommend the expansion of DACA and DAPA and identify services needed by children of undocumented parents and families.

Voted and approved at the 2016 National LULAC Convention - July 16, 2016

Roger C. Rocha, Jr.
LULAC National President
