Resolution in Support to Stop the Detention of Undocumented

Whereas, family members of undocumented immigrants are placed in detention facilities for no reasons other than being in this country without proper documents;

Whereas, detainees are being separated from their families causing both economic hardships and unnecessary trauma for their children and spouse;

Whereas, reports of abuses in the detention facilities are being investigated;

Whereas, detention bed quotas for facilities are unfair and discriminatory;

Therefore be it Resolved that LULAC National will create a commission to monitor detention facilities and recommend abolishment of quotas and the detention of undocumented people who have committed no crime.

Voted and approved at the 2016 National LULAC Convention - July 16, 2016.

Roger C. Rocha, Jr.
LULAC National President
