Be it Resolved . . .

Where as the United States of America was

founded under the belief of We the People . . .

Where as our choice of President should be of

We the people . . .

When the choice of We the People counting over

3 million votes strong can be overridden by the

electorate college . . . this is no longer the choice of

We the people. . .

Be it resolved . . . that the
League of United Latin American
Citizens challenge the electorate college vs. the
popular vote of

We the People and change the system giving back
the choice of the highest Office of the Land back to

We the People . . .

Respectfully submitted by We the People:
