Dear LULAC members and friends,

We are so proud to support the 89th Annual LULAC National Convention & Exposition. This year’s theme, “Together We Rise,” truly represents the spirit of Charter’s partnership with LULAC.

LULAC’s Chief Operating Officer, Sindy Benavides, has been a key advisor in our work to leverage the full diversity of Charter’s people and partners to make a meaningful difference for our customers, company and communities, and we are grateful for LULAC’s important presence on Charter’s External Diversity & Inclusion Council.

Currently, Latinos are the largest segment of Charter’s top markets in California, Texas, Florida, and New York City. We have been working to ensure that our programming and workforce represents our customer base. In the New York City area, we provide our customers with the only hyperlocal, 24-hour Spanish news channel in the market: NY1 Noticias.

Charter’s commitment to hire 20,000 new employees by the end of 2020, and partner with more diverse suppliers presents Latino workers and Latino-owned businesses with economic opportunities that can enhance communities. Last year, we opened our first bilingual call center in McAllen, Texas, which will create 600 jobs by the end of 2018. This is only the beginning.

Through its Spectrum Community Impact programs, Charter makes a lasting difference in people’s lives. This includes Spectrum Digital Education, which cultivates digital literacy skills through local grants, webinars, workshops, and public service announcements.

Knowing that broadband is the gateway to information and opportunity, Charter is especially proud to help bridge the digital divide through Spectrum Internet Assist, which offers affordable, high-speed broadband for low income families and seniors in 41 states across the country. Thanks to our partnership with LULAC, thousands will benefit from this program.

Thank you, LULAC, for letting us not only be a part of this convention, but also be a partner with you in transforming communities and rising together.

Sincerely,

Rhonda Crichlow
Senior Vice President & Chief Diversity Officer

Dear LULAC Familia,

Welcome to Phoenix, Arizona and to the 89th LULAC National Convention and Exposition. We extend our gratitude to the Arizona host committee for all their hard work and commitment in helping to make this convention a success.

LULAC was founded over 89 years ago to help advance change for our community by creating a vast grassroots volunteer-based membership organization that is rooted in over 35 states, Puerto Rico, and Washington D.C today. Holding the 89th National Convention in Arizona has a deep significance particularly given our current anti-immigrant political climate: LULAC will continue to protect, defend, and stand up to racism, injustice, and bigotry.

As members of the largest and oldest Hispanic organization in the country, we gather every year to address the critical issues that impact our community and country. This year’s National Convention and Exposition will address the most pressing issues for the Latino community, including separation of children and families, failure to ensure a legal process for our DREAMers, and the new administration’s cutbacks on education, health and community services. Through town hall meetings and policy workshops, the convention provides critical information the community needs in order to make informed decisions.

The Convention features an Exposition which opens with a ribbon-cutting ceremony on Wednesday, July 18 and runs through Friday, July 20. The Expo includes a job fair where attendees have the opportunity to meet with corporations that are looking to recruit from within the Latino community. In addition, government agencies, colleges and universities, armed forces, and nonprofit organizations will be displaying their products and services to the community. LULAC youth can participate in the free soccer with Phoenix Rising and baseball clinic with Luis Roberto Clemente, and health buses for veterans and the community at large will be available to provide free consultations and screenings. Folklore dancers and mariachis will be providing free entertainment, during the convention.

LULAC members and esteemed colleagues and friends, we hope you enjoy the 89th LULAC National Convention and Exposition - a family tradition 89 years in the making.

Sincerely,
Roger C. Rocha Jr.
LULAC National President
Dear LULAC Members y Familia,

Welcome to LULAC’s 89th National Convention and Exposition in Phoenix, Arizona focused on providing members, partners, and attendees across the nation with knowledge, connections, and resources to continue mobilizing and helping advance our community forward.

LULAC was established over 89 years ago due to the vision of our founders to protect and defend our Mexican-American community. Today, more than ever, LULAC continues to protect and defend basic civil and human rights for Latinos across the country while trying to advance and empower our communities.

Our hope is that all attendees will benefit from the resources available at the Convention this week, from our workshops, career and health expo, featured speakers, soccer and baseball clinics, to hands on training on how to fundraise for a cause. Please know that this Convention could not have been possible without the help of the LULAC Arizona Host Committee, LULAC National Board, LULAC National Staff, local partners, volunteers, and all the speakers and moderators who are dedicating their time to serve in various roles throughout the Convention.

I want to recognize our sponsors and partners who are important to our organization and who help support our critical mission of advancing the economic condition, educational attainment, political influence, housing, health and civil rights of the Hispanic population of the United States. Through your investment in our organization, we are able to implement programs in our communities that help reach and impact millions of Latinos.

As we connect and continue to expand our network of friends, let’s also remember the work that lies ahead when we return home. Making the greatest difference will come by harnessing our collective power at the ballot box this November. Each one of us plays a pivotal role within our own networks. The influence we have on our friends and family is immeasurable. You never know who is listening and what your words will ignite.

In Solidarity Forward,

Sindy M. Benavides
LULAC Acting CEO & COO
Wherever our neighbors call home, we’re working together for them. Our focus may be workforce development, social justice, affordable housing or the deployment of capital, so that we help advance economic mobility for individuals and communities.

July 17, 2018

Dear LULAC Members & Convention Attendees,

Congratulations on your 89th LULAC National Convention and welcome to Arizona. Over my career in public service representing Arizona’s 3rd District, I have had the pleasure to work with LULAC both in my district and in Washington.

LULAC has had a long legacy of fighting for the Latino community in the United States. Whether it was fighting to integrate schools through Mendez v. Westminster, the creation of multiple national organizations like MALDEF and SER-Jobs for Progress, or fighting for the Voting Rights Act and to increase protections for the environment under the current Administration, LULAC is as relevant today as it was in 1929. As an advocate, I thank LULAC’s hardworking volunteer members, leadership, and staff for their commitment and tireless work to continue to protect and defend the civil rights of the current and next generation.

Thanks to the support of organizations like LULAC, the future of the Latino community is bright, but there is much work to be done. I remain hopeful that in the years ahead, LULAC will continue to impact the lives of millions more in our communities across the country.

Sincerely,

Raúl Grijalva

Dear LULAC Members & Friends,

Congratulations on your 89th LULAC National Convention and welcome to Phoenix, Arizona. It is an honor to have you in my district and to recognize the work of an organization. LULAC has supported countless Hispanics in the advancement of educational attainment, affordable housing, access to healthcare and civil rights across the nation.

As the largest and oldest Hispanic organization in the United States the LULAC mission to advance civil rights and opportunities for our community is vitally important. During these challenging times, we are thankful to LULAC volunteers for their active civic engagement at the local, state, and national level.

There is a growing local network of LULAC members passionate about multiple issues across the spectrum in Arizona and nationally.

I remain steadfast in my commitment to our shared values as a nation of immigrants and look forward to continuing to work with the LULAC Board, Staff, and volunteers.

Sincerely,

Ruben Gallego

Dear Friends,

Welcome to Phoenix, AZ and to the 2018 League of United Latin American Citizens’ (LULAC) National Convention and Exposition!

On behalf of the AT&T family, thank you for attending what promises to be a collaborative and meaningful event marking the significance of Hispanics and their contributions to American society.

AT&T is proud of our work with LULAC, supporting programs like Adelante! America, which provide underserved youth with mentoring services and the ACCESS program which provides affordable internet access to SNAP recipients, keeping with the company’s commitment to close the digital divide.

AT&T is committed to supporting and connecting our Spanish speaking customers and our team is comprised of Spanish speaking bilingual representatives at more than 800 of our retail stores nationwide.

LULAC is a premier organization celebrating diversity and our partnership highlights AT&T’s commitment to diversity within our ranks and suppliers. Last year, AT&T spent over $14 billion with certified diverse suppliers. AT&T understands the importance of bringing more minority, women, and service disabled veteran owned businesses to our supply chain and is proud of our investments.

AT&T looks forward to continued support of LULAC and, together, exploring ways to further empower the Hispanic community and build upon our shared success.

From all of us at AT&T, have a great and productive weekend at the 2018 LULAC National Convention.

Sincerely,

Celeste Carrasco

Building a stronger community brings out the best in everyone. Together, we can share more, create more change, and do more good for the places we call home.

**LULAC, we are proud to celebrate your commitment and service to the community.**
Dear Brothers, Sisters and Friends:

Welcome to Arizona!

Arizona LULAC is honored in hosting our 89th League of United Latin American Citizens (LULAC) National Convention in Phoenix, Arizona, July 17-21, 2018. Arizona LULAC thanks all of you for unanimously voting for Phoenix, Arizona in Salt Lake City, Utah and giving us the opportunity to hold the most important event of our organization.

Arizona Members commends our LULAC National Membership who continue to be leaders and pioneers in strengthening our Latino community. We applaud you for the successes and remind you to continue working on the challenges that we face today and the challenges we have yet to confront in the near future. This year’s workshops will empower our membership on those challenges that we are encountering so that we may more effectively find solutions and work “together to make a difference”.

We, together with our Arizona membership, thank our sponsors for believing in the importance of how their support plays in our endeavors. We thank our panelists/speakers for delivering their words of knowledge and wisdom and sharing their challenges and triumphs. We will give tribute by honoring our military and our late brothers and sisters for all their contributions. Also, we will celebrate our LULAC leadership for their continuous support to community, as well as membership, and acknowledge our business partners for their partnerships.

Finally, we want to congratulate our LULAC Award Recipients for their support and commitment to our community, and thank everyone for your endless support, time and love to the League of United Latin American Citizens.

All for One and One for All,

Richard Estrada

Affordable Home Internet. Incredible Opportunities.

Internet for just $10 a month

The digital world is full of possibilities. AT&T is making it easier to connect to friends, family and the things that matter most. If you are a California resident and at least one person in your household is a SNAP* participant or receives SSI** benefits, you may qualify for 10Mbps home Internet service at our discounted $10 rate.***

Access from AT&T takes you online so you can:

• Do homework
• Search for jobs
• Pay bills
• Find news, information and entertainment

Plus, there’s NO commitment, NO deposit and NO installation fee.

Get an in-home Wi-Fi gateway and access to the entire national AT&T Wi-Fi Hot Spot network – INCLUDED at no extra cost.†

Other eligibility requirements apply. Visit att.com/access for complete information and to apply. Or call 1-855-220-5211.

---

*Supplemental Nutrition Assistance Program. **Supplemental Security Income. ***Available only in the AT&T 21-state footprint. Additional eligible speed tiers (15Mbps for $15 a month or 30Mbps for $25 a month) may be provided depending on availability at your address. Internet speed claims represent maximum network service capability speeds. Actual customer speeds may vary based on factors including site traffic, content provider server capacity, internal network management factors and device capabilities, and are not guaranteed. For more information, go to att.com/speed101. Pricing excludes taxes. Service will include a monthly data allowance of either 5GB or 10GB of data usage, depending on the type and speed of service you receive. If you exceed your monthly data plan allowance, you will be automatically charged $10 for each 5GB of data usage in excess of your data plan even if less than 5 gigabytes is used. For more information, go to att.com/internet-usage. †Wi-Fi enabled device required. **Other restrictions apply. ©2018 AT&T Intellectual Property. All rights reserved. El futuro de la salud comienza con usted

Mientras más sepan los investigadores sobre lo que nos hace únicos, más personalizado será su cuidado de salud.

Sea parte de una iniciativa de investigación con un millón o más de personas en todo el país para crear un futuro más saludable para todos nosotros.

JoinAllofUs.org/es

La Iniciativa de Medicina de Precisión, PMI (por sus siglas en inglés), All of Us, el logo de All of Us y "The Future of Health Begins with You" (El Futuro de la Salud Comienza con Usted) son marcas registradas en inglés del Departamento de Salud y Servicios Humanos de los Estados Unidos.
We’re calling on one million people to lead the way toward better health.

What is precision medicine?

Precision medicine is health care that is based on you as an individual. It takes into account factors like where you live, what you do, and your family health history. The goal is to be able to tell people the best ways to stay healthy. If someone does get sick, precision medicine may help health care teams find the treatment that will work best.

What is the All of Us Research Program?

The All of Us Research Program is a large research program. The goal is to help researchers understand more about why people get sick or stay healthy. People who join will give us information about their health, habits, and what it’s like where they live. By looking for patterns, researchers may learn more about what affects people’s health.

How do I join the All of Us Research Program?

There are three ways to join:

• Visit the All of Us website JoinAllofUs.org.
• Download the All of Us app.
• If you get health care at one of our affiliated health care provider organizations, you can join there.

Because All of Us is research, you will be asked to complete an informed consent process. This process tells more about what is involved, and the risks and benefits of joining.

What will you ask me to do?

If you decide to join the All of Us Research Program, we will ask you to share different kinds of information. We will ask you basic information like your name and where you live, questions about your health, family, home, and work. If you have an electronic health record, we may ask for access. We might also ask you to give samples, like blood or urine.

How long will the All of Us Research Program last?

All of Us may last for at least 10 years. We hope you will stay involved over time. If you join, you can withdraw at any time for any reason without penalty.

Why should I join the All of Us Research Program?

You will be contributing to research that may improve health for everyone. Here are some examples of what researchers might be able to discover:

• Better tests to see if people are sick or are at risk of getting sick.
• Better mobile apps to encourage healthy habits.
• Better medicine or information about how much of a medicine is right for each person.

What will you do to protect my privacy?

We will take great care to protect your information. Here are a few of the steps we will take:

• Information we have about you will be stored on protected computers. We will limit and keep track of who sees the information.
• We will remove your name and other direct identifiers (like your Social Security number) from your information and replace them with a code.
• Researchers must promise not to try to find out who you are.
• We will tell you if there is a data breach.
• The All of Us Research Program has Certificates of Confidentiality from the U.S. government. This will help us fight legal demands (such as a court order) to give out information that could identify you.

#### 9:00 AM to 10:15 AM

**No One Said it would be Easy, Why Leading People is so Hard!**

When leading people, an exceptional leader must be able to manage more than each individual, but rather address the dynamics that exist among team members, the organizational environment, and the policy parameters that exist.

In this workshop, participants will learn about the role that creating an inclusive culture plays in optimizing organizational performance and truly leading people to ultimate engagement and sense of belonging. Leaders who know themselves, focus on people, processes, and performance are leaders who create a culture that enables employees to perform at their highest levels. Participants will assess their own perceptions and skill sets in leading others and will become aware of the challenges we face when leading groups of diverse employees.

**Moderator:** Leslie Chay Gonzalez, Program/Project Manager, GSA

**Speaker:** Brenda DePuy, President, DePuy Associates

### 10:30 AM to 11:45 AM

**FEMA: Building Partnerships to Prepare for Disasters** .............................................. Room 125 AB

Preparedness is a shared responsibility; it calls for the involvement of every person, business and organization — not just the government — to increase resilience efforts across the Nation.  
Collaboration is key to success in any disaster preparedness efforts. We need to change the narrative about how we prepare ourselves for disasters. By working together, we can help keep the nation safe from harm and create resilient cities and towns that can recover quickly when struck by hazards, such as natural disasters, acts of terrorism, and pandemics. This workshop will review the concept of a whole community in preparedness efforts; the importance of understanding local hazards and risks that can affect your community, of collaborating with other community groups to educate citizens on how to prepare, and how to access preparedness information and resources. Workshop participants will benefit from hearing emergency management experts at the government level and non-governmental organizations that have responded to emergencies.

Participants will be provided with resources in both English and Spanish.

**Audience:** This workshop is for leaders in non-profit groups, faith-based and community organizations, schools and academia, and small business owners.

**Moderator:** Kimberly Helm, Community Partners Specialist, Federal Emergency Management Agency (FEMA)  
**Speakers:** Robert Pesapane, Director, National Preparedness Division, FEMA; Whitney Hensiak, Voluntary Agency & Private Sector Liaison, Arizona Dept. of Emergency/Military Affairs (DEMA); Lisa Jones, Director, City of Phoenix Office of Homeland Security and Emergency Management; Beth Boyd, Regional Disaster Officer (AZ/NM/El Paso)

**Innovation, Arts, & Culture to Accelerate Social Change** ........................................................................ 122AC

When we thinking of successful social change, we often think of things like policy changes through political activism, that help alleviate a problem through years of work, volunteering, or a large shift in values as a result of carefully planned and articulated advocacy, not art. With many grassroots movements advocating social changes, art has become a powerful weapon in exposing and helping resolve issues of social justice. We will examine how the arts act as a catalyst for social change by raising awareness, healthy expression, and educating people through nontraditional methods.

**President Trump & Immigrants: How Alternative Facts Are Being Used to Build a Wall, Criminalize Immigrants, and Militarize the Border** .................................................................121C

President Trump’s rhetoric and actions surrounding the immigrant community and the border have increasingly turned more vicious since he began campaigning in 2015. The wall, increased policing of the border region, the criminalization of immigrants, and the destruction of wildlife habitat are all tools of politicians who seek to advance an extreme and profit driven agenda at the expense of our communities. Especially in light of the recent zero-tolerance policy which separates families at the border, border politics are more important than ever. Come listen to experts on border politics and immigration discuss the effects of President Trump’s policies on migrants as well as policy recommendations to fight the injustice.

**The Challenges of Medicare and Social Security, and Some Proposed Solutions** ................................. 121B

A Townhall and Facebook Live Event Sponsored and Presented by AARP
Medicare & Social Security provide essential medical care and income to more than 60 million people and for over 50 years have served our country well. However, their future is at stake and our elected officials must pay greater attention, stop casting insults, and seek common ground to find reasonable solutions that address the challenges faced by these programs. On our end, we must do our duty to ensure this happens.

We must hold our politicians accountable. In this session you will learn about these programs, the challenges they face, proposed solutions, and what you can do to make sure politicians cooperate to ensure we, our children and our elders can count on these important programs now and in the future.

**Opening Remarks:** Alicia Rios, National VP for the Elderly, LULAC

**The Role of Cities and States in Protecting the Environment and Public Health**  

**Sponsored by:** Environmental Defense Fund (EDF)  

The Trump administration has upended the American political landscape, tossing out long-primed norms, and testing our institutions like never before. In just one year, we’ve seen a dizzying array of attacks on decades of bipartisan environmental progress. At the same time, we’ve seen state and local government reach for the mantle and push for progressive, ambitious policies to combat climate change and protect our air. Join this session for a refreshing discussion about the state and local-level efforts underway to protect our communities.

### LULAC Agenda - Friday/Saturday, July 20/21

**Assistant Trainers:** Claudia Jasso, Managing Partner, Jasso Development & Planning, LLC
Raul Sanchez, Director of Development, LULAC National Educational Service Centers, Inc.

2:00 pm to 4:15 pm  
**Ford Driving Dreams Best Practices**  
**Sponsored and Presented by:** Ford Motor Company Fund
The Ford Driving Dreams Grants (FDD) program is a grants-based initiative by the Ford Motor Company Fund in partnership with the LULAC Institute, Inc. The mission of this unique education program is to lower the high school dropout rate among the Latino community through innovative educational services. Workshop participants will gain insight into the best ways to work with youth and how to successfully apply for and properly manage a FDD program and sustain it with additional funding for the future. Discussions will include student incentives, recruiting volunteers, lessons learned, sustainability, and the impact of the program on the students.

2:30 pm to 5:00 pm  
**LULAC LGBTQ Workshop and Training**  
**Workshop:** Latinx Solidarity: Action Through Intersectionality and Inclusion
This in-depth workshop explores the work of Latinx LGBTQ leaders who have pushed to build bridges where inclusion has been denied. From personal narratives to Latinx advocacy history, come listen and learn why intersectionality is needed in LULAC to support our LGBTQ community.

**Moderator:** Jesse Garcia, President, LULAC Lambda DC

**Presenters:** Steve Gallardo, Supervisor, District 5 of Phoenix, Maricopa County Board of Supervisors
Lisbeth Melendez Rivera, Director of Faith Outreach and Training, Human Rights Campaign
Bamby Salcedo, Transgender Activist, Founder, President, & CEO, TransLatin@ Coalition

**Training:** LGBTQ Harassment and Hate Crime Response Training
In a society often fueled by political and religious dogma, LGBTQ Latinxs have been targeted in acts of violence and hatred. This interactive session will look at what kinds of harassment and hate crimes our LGBTQ community experiences and what we can do to respond.

**Trainers:** Dagoberto Bailon, General Assistant, Trans Queer Pueblo
Jaime Tadeo, Prevention Specialist, Amistades, Inc.

**Assistant Trainers:** Maria R. Salazar, Family Law Attorney; President, LULAC Council #22198, Orgullo de San Antonio
Brad Veloz, Retired Federal Executive; LGBTQ Activist; Member of LULAC Council #22198, Orgullo de San Antonio

2:45 pm to 4:00 pm  
**LULAC National: Presidential Address – State of the League**

3:30 pm to 4:45 pm  
**Stopping the Deportations of Greencard Veterans, Military, and Gold Star Families**
Although the deportation of veterans and gold star families has been occurring in the United States for decades, the Trump administration has only worsened the situation with its heavily anti-immigrant rhetoric and zero-tolerance policies. This workshop will provide an understanding of the issue as it currently stands under the Trump administration, the dangers that immigrant veterans face once they return from combat, and ways in which Congress and other activists should act to end such disgraceful deportations of those who fought and suffered to protect their legal residential country. Come hear actual deported veterans, as well as experts on the topic, discuss the effects and policy recommendations.

**Moderator:** Sara Walker, Secretary, LULAC Council 5294 "Pilsen"

**Presenters:** Hector Barajas, Founder, Deported Veterans Support House
Emma Lozano, Founder and President, Centro Sin Fronteras and co-Founder, Familia Latina Unida
Carlos Luna, President, Green Card Veterans
Joel Taboada, Secretary, Green Card Veterans

Dear LULAC Collegiate and Young Adults,

It is with great pleasure that I welcome you to LULAC’s 89th Annual National Convention and Exposition in Phoenix, Arizona! We are very excited and proud this year to have collegiate students and young adults from all across the United States. We encourage and challenge all attendees to take advantage of the opportunities placed in front of you this week and participate in the multitude of events and workshops that were carefully prepared for all of us.

LULAC’s 89th National Convention and Exposition will assist in the cultivation of future leaders and help increase our general awareness on current local, state, and national policies. From the “termination” of DACA to the recent inhumane acts of separating parents from children, it is alarmingly evident that Latinos continue to be persecuted and marginalized across the United States. It takes more than just one person and one voice to make an impact. This movement requires a constant fight from the entire Latino community for human and civil rights. LULAC Collegiate and Young Adults are building upon the legacy of great leaders and will continue to pave the road to success and equality for future generations to come.

Our National Convention seeks to empower and provide knowledge to our members and attendees to take action. We must not forget what we learn; instead, we must share what we learn this week with our family, friends, strangers, and community leaders back home.

Let us remember that we are not only the future, we are the present. As emerging leaders, we have the power and initiative to create changes in our communities that move our entire country forward. America’s future success depends on our ability to engage and move others to take action. I will conclude with a call to action: let us not forget that our LULAC ancestors fought for our right to vote. This November, rise up, and speak up at the ballot box. Our future depends on it.

En Paz,

Sabrina Spencer
LULAC National Vice President for Young Adults.

Youth National President’s Welcome

Dear LULAC Youth, Guests, & Sponsors:

As the National Youth President, I am delighted to welcome you to our 89th LULAC National Convention in Phoenix, Arizona. The Grand Canyon state is excited and ready to welcome you to our convention. As you join us, I invite you to reflect upon your experiences and embrace your culture with dignity. All the sacrifices that our ancestors and parents made are what bring us here today. Nosotros somos la recompensa de todo el sacrificio que nuestros padres y nuestros antepasados hicieron por nosotros.

LULAC is the oldest Hispanic civil rights organization in the country. The League was established at a time in our country’s history when Hispanics were denied basic civil and human rights, despite our contributions to American society. The founders of LULAC created the organization to empower its members to create and develop opportunities where they are needed the most. Having you join us here today shows how successful the organization has been. As a comunidad, we have the responsibility to embrace and support each individual member. As we climb the ladder of success, we must remember we need to bring people up with us.

This convention is not only a way for you to learn about your community and embrace your culture, but it is also an opportunity for you grow as a leader. There are many opportunities for you to develop your speaking, networking, and training skills. Developing these skills will better prepare you to make a difference in your own councils and communities. These learning opportunities are what lead to student organizations that have an impact on our country, like the DREAMer Movement and March for Our Lives. These are movements and organizations that are led by students and young adults just like you and me. You do not have to make a national impact and it does not have to be tomorrow, but by coming to this convention and getting to meet new people who have different backgrounds and different experiences than your own, you are taking those first steps to becoming someone who will one day make a huge impact. Everything that you learn here will one day aid and guide you in becoming the next influential leader that our community needs.

You are about to attend a life-changing event full of learning, teaching, and networking opportunities. I strongly recommend you make the best out of this convention by actively participating in the multitude of opportunities available to you throughout the week. Remember, never forget where you come from and be the agent of change you want to see in others and in your community. It is leaders like yourselves who make the change we wish to see in the world.

Yours in LULAC,

Dalia Lopez

2017-2018 LULAC NATIONAL POLICY PLATFORM

AFFIRMATIVE ACTION

LULAC supports equal opportunity for employment, promotion and contracting, and opposes discrimination of any form in the workplace and supports affirmative action as a set of positive steps that employers use to promote equal employment opportunities. LULAC remains committed to fighting efforts to overturn decisions that have upset affirmative action programs across the country.

LULAC will ensure that information on affirmative action will be updated to reflect the latest changes from the Office of Personnel Management. OPM shall provide LULAC with pertinent data affecting affirmative action policies. If such data is not received LULAC will request such information from the Hispanic Senior Executive Service members and/or using Freedom of Information Act requests.

CENSUS AND DATA COLLECTION

Based on the 2010 Census, over 50 million Latinos reside in the United States. According to the Pew Hispanic Center, the majority of states underestimated the increase of Latino residents, and, overall, the Hispanic population count was 1.9% higher than expected. Because of these major demographic shifts, LULAC urges local, state and federal government agencies to employ and train staff to serve this growing and diverse population.

As a national partner, LULAC supports the efforts of the Census Bureau to obtain an accurate Census count. LULAC encourages the Bureau to reach out to community-based organizations between decennial census counts in order to build and maintain trust with hard-to-count populations, such as Latinos, whom are wary of giving personal information to the Bureau. In addition, LULAC strongly urges the Census Bureau to emphasize in all materials – both print and online – that all information gathered is completely confidential.

LULAC also proposes that the Census Bureau provide stipends to community-based organizations who commit to assisting with the Census count outreach, as partners need more than co-branded materials to reach hard-to-count populations.

Furthermore, LULAC encourages the Bureau to produce both Spanish language materials, as well as English language materials marketed towards Hispanics. Coupled with ongoing education campaigns, and easy-to-read information online, LULAC believes that the Bureau can succeed in reducing the undercount of hard-to-count populations and achieve a more accurate snapshot of the United States of America.

LULAC advocates for more attention to be paid to the undercount, as each resident left out of the Census count negatively affects every aspect of daily life in the United States. Overcrowded emergency rooms, underfunded public schools, missing sidewalks, inadequate roads, and other public resources are direct results of disproportional federal funding allotments from decennial census undercounts.

Lastly, LULAC urges the Census Bureau to establish a system to assess the persistent underrepresentation of Hispanics in the Bureau, as well as identify effective strategies to increase future problem-solving capacities. LULAC strongly supports a standardized review of the Bureau’s managers and supervisors based, in part, on their performance with respect to EEO issues, such as hiring a diversified work force, including Hispanics.

CHILD LABOR AND THE EXPLOITATION OF MINORS

LULAC strongly supports ending child labor through education by supporting the International Labor Organization’s (ILO) international programs to eliminate child labor worldwide. LULAC opposes the exploitation of children working anywhere for low wages and under hazardous conditions. LULAC deplores any and all exploitation of minors, whether psychological, physical, political, or sexual.

CHILD WELFARE

Recognizing that children and youth from communities of color are disproportionately represented in the child welfare system, and who experience a high propensity of entrance into the juvenile and criminal system, LULAC calls on Congress to reform the child welfare system. LULAC is opposed to legislation that will proliferate the entrance of children and youth from communities of color into the juvenile and criminal systems, and supports the process for investigating cases of racial profiling and discrimination in the child welfare systems by the U.S. Justice Department and Department of Health and Human Services. LULAC encourages Federal and State protections for victims of child abuse in the education system.

CITIZENSHIP AND VOTING

LULAC promotes active participation of all eligible Latinos in the democratic process by registering to vote and voting, and encourages all legislative, judicial and educational efforts to promote voter participation and advocacy. LULAC encourages all eligible immigrants to become US citizens and demands that the Citizenship and Immigration Services streamline and expedite the processing of citizenship applications pending in a backlog for up to two years or more. LULAC aims to assure that voters’ rights are safeguarded on election-day by preventing potential voting rights violations, such as intimidation at the polls, unworkable voting equipment, and other civil rights violations.

LULAC supports an immediate and comprehensive reauthorization of the Voting Rights Act. The reauthorization

must include language that requires states to submit election related changes that are identified as being the most linked to discrimination against Latino voters. These “Known Practices” would include certain changes to the method of election, voting locations, jurisdiction boundaries, redistricting, and/or multilingual voting materials.

LULAC opposes any efforts to repeal birthright citizenship, stripping citizenship from U.S.-born children of immigrants or amend the 14th amendment in any way that aims to restrict the rights of Latinos. LULAC also strongly believes that all the rights and protections afforded to U.S. citizens in the contiguous United States should also apply citizens living in Puerto Rico – currently citizens on the island do not have the full guarantees of citizenship.

CRIMINAL JUSTICE REFORM

LULAC advocates reform of the criminal justice system to reduce the disproportionate number of Latinos who are incarcerated. LULAC supports reform of the court system to ensure fair sentencing guidelines that do not discriminate among race or socio-economic backgrounds. LULAC opposes the incarceration of youth in adult prisons and supports preventive education and social programs to reduce incarceration and recidivism. LULAC supports the repeal of legislation harmful to Latinos to redress disparate treatment of minorities, such as the elimination of the death penalty. LULAC also supports ensuring that statistical data of inmates in the state and federal prison systems is gathered for Hispanics/Latinos, of any race. LULAC supports lowering funding for the prison industrial complex.

DISCRIMINATION AND RACIAL PROFILING

LULAC denounces any form of discrimination on the basis of national origin, race, religion, language, sexual orientation, age or disability. LULAC strongly condemns racial profiling, and supports a strong statutory definition of racial profiling along with the institution of data collections systems by law enforcement. LULAC is concerned with the growth of hate groups and encourages Congress to strongly monitor agencies and their enforcement of hate-crime laws. LULAC opposes any effort to amend the U.S. Constitution in any manner that reduces protection of any individual’s rights on the basis of national origin, race, religion, language, sexual orientation, age or disability.

LULAC strongly supports efforts to build trust and cooperation between law enforcement agencies and the Latino community. In addition, LULAC supports legislative efforts aimed at de-militarizing local and state law enforcement agencies and equipping law enforcement officers with body cameras. In cases involving police brutality, excessive force, and/or lethal force, LULAC calls for independent investigative panels to review cases for potential civil rights violations.

DOMESTIC VIOLENCE

LULAC stands with domestic violence victims here and around the world. LULAC urges Members of Congress to pressure the U.S. Justice Department into respecting the human rights of immigrant women who are victims of violence and not allow Attorney General Sessions to abandon them to a fate which will stain the United States of America now and for years to come.

DRIVER LICENSES AND OTHER STATE CERTIFICATIONS

LULAC supports legislation to grant licenses to immigrants under any status. LULAC supports innovative provisions for the issuance of a license such as passing a criminal background check, endorsement by a citizen, or requiring a pledge by immigrants to apply for legal residency.

LULAC supports allowing Immigrants who regularize their status through any administrative action program like the Deferred Action for Childhood Arrivals or Deferred Action for Parents of Americans and Lawful Permanent Residents (DAPA) to be allowed to sit for professional and technical trade licensing exams and be licensed. States should not bar the credentialing of these immigrants and should work to allow immigrants to fully contribute their educational skills and entrepreneurial talents within the parameters of state and local professional, commercial, and business licensing schemes. Geographic location or a person’s ability to prove residency should also not impede their ability to obtain credentials and identification.

ECONOMIC OPPORTUNITY

LULAC urges companies and government agencies to embrace diversity in all aspects of business, whether employment, promotion, or contracting (including federal and state contracting), as well as to support representation of Hispanics at all levels, from day-to-day management and governance to the boardroom. LULAC encourages the expansion of programs and policies that provide funds to stimulate business, job growth and training, and opportunities for venture capital.

LULAC supports the implementation of the Community Reinvestment Act by commercial banks and savings associations to promote economic stimulus to low-income minority communities. LULAC encourages the federal government to reform the federal tax code to address the financial challenges regarding our federal budget and subsequent funding for programs and services that are important to the Latino community.

LULAC supports financial education efforts aimed at improving the economic security and stability of the Latino community.
Planned Parenthood is the nation's leading provider and advocate of high-quality, affordable health care for women, men, and young people, as well as the nation's largest provider of sex education. Millions of people rely on Planned Parenthood every year for essential services, including cancer screenings, birth control, STD testing and treatment, HIV prevention tools, annual exams, and other reproductive health care needs.

Planned Parenthood serves more than 500,000 Latino patients each year and is proud to see patients regardless of income, insurance, gender identity, sexual orientation, disability, or immigration status. We are committed to protecting and expanding access to sexual and reproductive health care and education for all.

Planned Parenthood is the nation’s leading provider and advocate of high-quality, affordable health care for women, men, and young people, as well as the nation’s largest provider of sex education. Millions of people rely on Planned Parenthood every year for essential services, including cancer screenings, birth control, STD testing and treatment, HIV prevention tools, annual exams, and other reproductive health care needs.
EDUCATION

LULAC believes that universal and quality public education is the foundation for lifelong success, and strongly opposes any measure that denies education as a fundamental right, including that of immigrant children. School curricula and textbooks should reflect culturally relevant teaching methods grounded in research and history relevant to the students.

LULAC strongly supports legislation to provide students with disabilities the needed resources, tools, and support to achieve in school.

LULAC supports legislation and policy decisions targeted at decreasing the Hispanic dropout rate and closing of the achievement gap. LULAC urges Congress to increase funding to implement targeted programs to encourage Hispanic students to remain in school.

LULAC supports efforts to fully engage and educate the Latino community on the adoption, implementation, and oversight of Common Core State Standards. LULAC expects that the adoption and implementation of the Common Core State Standards at the state level, be backed up with robust resources, training, development, and support for schools. In addition, LULAC supports efforts at the state level to ensure Latino students have access to high quality education that prepares them for college and career.

While LULAC opposes creating an environment of high-stakes testing and over-testing, LULAC also opposes eliminating every form of assessment. Instead, LULAC supports limiting federal testing requirements to no more than 1 required federal assessment in grades 3-8 and high school. In addition, LULAC supports efforts to ensure that students, families, and teachers have the support, training, and resources needed as states continue to administer new assessments. LULAC strongly supports legislation that ensures that students get early interventions and support from cradle to career. LULAC also opposes “opting-out” of assessments as a reform tactic and strongly opposes actions aimed at influencing students to skip school as a form of “opt-out” protest.

Federal funding for LULAC National Education Service Centers (LNESC) should be continued so as to address the specific needs of our community, as well as to expand into geographic areas not currently served. Federal funding for Head Start, Migrants and Seasonal Head Start, Gear Up, TRIO, Women, Infants, and Children (WIC), HEP-CAMP, Title I and Title III programs, and STEM education programs, should be increased and access should be expanded to ensure high participation of Latino children. LULAC supports increased funding for Title I, Title III and Title VII programs to address adult basic educational programs, bilingual education and dual language instruction through graduation. LULAC also supports an effective and appropriate bilingual education program, and dual language instruction through graduation for all English Language Learners. LULAC strongly opposes vouchers or any other funding method that will limit public education resources (any mechanism seeking to transfer funds away from public education to private education). Additionally, LULAC supports standardized accountability across both traditional public schools and charter schools.

All Latinos should have access to safe, quality and desegregated public education. Public schools should be improved and rehabilitated, and be provided with adequate funding to do so.

LULAC supports full-funding of the Elementary and Secondary Education Act, and urges Congress to reauthorize ESEA with community input and with fidelity to its original civil rights intentions. Any reauthorization should include robust support for Title I and Title III and language addressing issues related to subgroup accountability, resource equity, data disaggregation, English Learners, and that ensures a strong federal role as part of the oversight on states implementing education plans.

LULAC supports an increase in funding for Hispanic Serving Institutions (HSIs) of higher education. LULAC supports an increase in the number of Latino educators at all levels of education, administrators and school board members, as well as teacher training and development programs to encourage Latinos to become teachers. LULAC will fight against discriminatory and harsh discipline practices, including suspensions and expulsions, and zero tolerance policies that remove students from the classroom and keep them from learning.

LULAC membership advocates that scholarship awards be provided to qualified persons regardless of their citizenship status.

ENERGY SECURITY

LULAC dramatically supports increasing federal funds spent on the development of clean, renewable, and environmentally friendly energy sources. LULAC opposes drilling for oil on federal lands, especially in those areas deemed necessary to the ecological well-being and quality of life of its inhabitants and neighbors.

As a means to promote energy security, LULAC supports and advocates for the expansion of efforts to curb abuses to the environment through the “green jobs,” recycling, and through the creation and sustainability of rooftop and community gardens. LULAC recommends that “green jobs” create employment opportunities for Latino families. Educational and technical support must be provided to include the development of green jobs for Latinos.

Proposed LULAC Legislative Platform

ENGLISH PLUS
LULAC strongly opposes all legislation that designates English as the official language of the United States or of any individual state. LULAC supports bilingual education to ensure English proficiency while encouraging students to retain proficiency in their native language. English language acquisition is imperative, but bilingualism and multilingualism are assets to be valued and preserved. LULAC supports increasing programs and funding for ESL for adult students.

ENVIRONMENT AND CLIMATE CHANGE
LULAC opposes the practice of locating environmentally damaging or dangerous sites in Hispanic and other disadvantaged communities, and opposes the disposal of nuclear, chemical waste or other toxic waste in or near Hispanic communities. LULAC encourages the clean up of “brownfields” (contaminated sites) in Hispanic neighborhoods. LULAC supports the Clean Air Act to reduce emissions that are harmful to Latinos of all ages and opposes any effort to loosen its regulations placed on the coal-burning power plants in the United States.
LULAC also supports efforts to strengthen existing legislation to protect water sources from pollution, protect communities from exposure to toxic chemicals, and increase oversight on companies taking part in activities which may endanger natural resources. LULAC expresses support for the Clean Power Plan and the Clean Water Rule and legislation that aims to curtail emissions that contribute to climate change.

FARMWORKERS, MIGRANT AND SEASONAL WORKERS
LULAC urges Congress to pass legislation that protects farm workers from employer abuse and that guarantees safe working conditions, housing, and access to schooling and training for farm workers. LULAC opposes legislation that may be considered for passage by Congress that relates to new guest worker programs that do not meet these criteria.
LULAC opposes the expansion of agricultural guest worker programs that do not provide adequate labor rights protections, health benefits and housing. LULAC supports a national holiday honoring Cesar Chavez and commemorating the contributions of farm workers to the United States. School curriculum should include a historical perspective of the farm worker struggle and community service in his honor. LULAC supports the continuation and expansion of the National Farmworkers Job Program. LULAC urges Congress to pass legislation that protects female domestic workers from employer abuse and that guarantees safe working conditions as well as the same rights afforded to workers in other industries.

FINANCIAL PROTECTION
LULAC works to promote financial literacy, savings and investments in Latino communities. We oppose all forms of predatory financial practices including subprime mortgages, payday loans, usurious bank fees, high cost auto loans and pyramid schemes.

FOREIGN RELATIONS
LULAC urges a strengthening of partnerships with Latin America. We urge the US government to include Latin American nations as partners for the war on terrorism and the creation of multilateral agreements on such important cross-border issues as health, labor, education, immigration, environment and sustainable economic development. Although LULAC supports trade and economic integration with Latin America, it is imperative that trade agreements should be equitable and balanced. LULAC supports efforts to renegotiate trade agreements to raise the standards of living for the labor force and protect our environmental standards so as to reduce displacement of workers and consequent mass migration. LULAC supports efforts to grow sustainable economic development programs in Latin America and the Caribbean, along with social development programs. LULAC also supports any legislation that focuses on root causes of migration to the United States. It is important to understand that immigrants are seeking asylum in the United States due violence, poverty and the effects of war in their home countries.

HATE CRIMES
LULAC urges Congress to pass laws that provide stronger sentencing and more aggressive prosecution for hate crimes. The federal government’s role should be expanded in the prosecution of hate crimes by being allowed to assist state and local efforts to prosecute a broader scope of hate crimes.

HEALTH
Universal health care is a priority for Latinos and it should include affordable and accessible primary, preventive, and emergency room health care that is administered in a culturally competent and linguistically appropriate manner. Latino mothers should have access to pre-natal care, health and nutrition education, and access to healthy foods, anti-hunger programs, and medical services. Latino children and adolescents must have access to immunizations, medical services, prescription medications, health education on topics such as substance abuse, body image and mental health, and should have access to safe spaces for physical fitness. LULAC urges pharmaceutical companies and medical research facilities to increase the inclusion of Latinos in their clinical trials.

Proposed LULAC Legislative Platform

LULAC opposes any legislation or litigation aimed at repealing or chipping away at the protections and health benefits expanded under the Affordable Care Act. LULAC opposes any efforts to restrict funding to health clinics (including Planned Parenthood affiliates) as a way to limit access to comprehensive health and reproductive services.

LULAC is committed to addressing the environmental injustices that poor Latino families face which prevent them from having complete access to healthy and nutritious foods, safe spaces for physical exercise, and from being able to access medical services in a facility in their neighborhood.

HISPANIC REPRESENTATION

LULAC promotes public service and strongly urges the Administration to review and update Executive Order 13171 to ensure that the federal government reflects the most current demographic and statistical information of Hispanics at all levels of the federal government. LULAC urges local, state, and federal agencies to increase their outreach to Hispanic organizations, i.e. LULAC and others, since they are the ones that can supply the agencies with qualified applicants. We urge the administration to work closely with Hispanic members of Congress to develop strategies that will increase the representation of Latinos in the local, state and federal government. LULAC urges the US Senate to provide a level playing field for Hispanic judicial nominees to ensure that Hispanic representation in the judicial system increases proportionally to the numbers of Latinos in the general population.

LULAC supports the Office of Personnel Management’s Federal Diversity Office, which seeks to develop a government-wide strategy to support Federal agencies in improving outreach to and hiring of diverse groups of candidates including Hispanics.

HOUSING

LULAC supports an increase in the nation’s stock of affordable housing. The federal government should increase resources to build, rehabilitate and preserve housing for low and extremely low income households in both the rental and purchase markets. In addition, LULAC supports the development of more housing for the elderly; the creation of additional emergency shelter to permanent housing for victims of domestic violence; the development of integrated permanent supportive housing for people with disabilities and an increase in funding for programs and services to end homelessness. LULAC also supports investments in green affordable housing. LULAC supports increasing services and affordable housing units for America’s rural poor. It strongly encourages the development of housing options for migrant farm workers and their families.

COMMUNITY ENGAGEMENT • DIVERSITY AND INCLUSION • ENVIRONMENTAL SUSTAINABILITY
LULAC supports the improvement in the quality of life of residents of the Southwest border colonias, including access to such basic amenities as electricity and potable water. LULAC opposes all forms of housing discrimination and calls for stronger enforcement of fair housing laws and the elimination of predatory lending practices. LULAC seeks higher funding to increase the capacity of Hispanic organizations to conduct fair housing education and enforcement activities. LULAC supports foreclosure intervention programs and efforts to help stop foreclosures. LULAC calls for the creation of programs to help tenants of foreclosed rental properties remain in their homes.

HUMAN TRAFFICKING

LULAC supports state and federal efforts to combat international and domestic trafficking of human beings and the full implementation of the Victims Protection Act (TUPA) of 2000. LULAC encourages the continued monitoring of anti-trafficking programs including expansions of criminal provisions. LULAC supports the issuance of non-immigrant t-visas for foreign born victims of human trafficking in the U.S. LULAC strongly supports that unaccompanied minors be treated as refugees and provided with the fullest form of care and protection including being protected from incarceration and detention. LULAC strongly opposes changing existing human trafficking laws to strip away critical protections for unaccompanied minors as a way to speed up their deportations. Unaccompanied minors from Mexico and Canada should be afforded all the existing protections extended to unaccompanied minors from countries not bordering the contiguous United States.

IMMIGRATION

LULAC demands an end to all deportations, excluding individuals convicted of a violent felony, while comprehensive immigration reform legislation is being considered. LULAC supports the repeal of the bed-detention quota language included annually in the Department of Homeland Security appropriation legislation. LULAC also calls on the immediate end to family detention practices and urges the Department of Homeland Security to adhere to the November 20, 2014 memo titled Policies for the Apprehension, Detention and Removal of Undocumented Immigrants.

LULAC opposes any legislation that threatens the rights of residents of the Southwest border colonias, including access to such basic amenities as electricity and potable water. LULAC opposes all forms of housing discrimination and calls for stronger enforcement of fair housing laws and the elimination of predatory lending practices. LULAC seeks higher funding to increase the capacity of Hispanic organizations to conduct fair housing education and enforcement activities. LULAC supports foreclosure intervention programs and efforts to help stop foreclosures. LULAC calls for the creation of programs to help tenants of foreclosed rental properties remain in their homes.

LULAC supports comprehensive immigration reform that provides an avenue for undocumented workers to legalize their status and expands the number of legal immigrants allowed into the U.S. to meet our needs. LULAC opposes any efforts to construct a border wall.

LULAC opposes immigration legislative language that preconditions status adjustment on border security triggers. LULAC favors a prompt avenue to citizenship. LULAC will continue strong opposition to the harsh and inhumane treatment of documented and undocumented persons in private prisons, detention centers, and makeshift holding centers. In addition, LULAC strongly opposes the holding of documented and undocumented minors in any facilities, be it public or private that separates them from their parents and/or caretakers.

LULAC supports strong family reunification standards and fair and balanced immigration processes to take into account future flows of workers. Though LULAC does not support guest-worker programs, should they pass, LULAC endorses full worker protections including the right to organize and to apply for citizenship on their own right without depending on their employer. LULAC opposes the use of local law enforcement in immigration enforcement.

LULAC supports legislation that makes it clear that children should never be separated from their parents, even in cases where the parent’s only “crime” is coming to the United States in search of a better life for their family. The current Administration’s policy of “zero tolerance” has resulted in over 2,000 children being taken from their families. Ripping families apart is not only immoral but also un-American. It is important to remind Congress that the United States has laws where individuals legally qualify for asylum.

LULAC strongly supports the passage of the DREAM Act. We oppose any acts such as not allowing DREAMERS permission to obtain driving licenses as barriers to DREAMERS pursuing their goals and living their lives. LULAC urges all states to pass laws that allow undocumented immigrant children who have completed high school, are of good moral character, and reside in the state to be admitted to colleges and universities as residents and eligible for in-state tuition. LULAC also urges the federal government to grant these students citizenship after they graduate from college or university.

LULAC demands that the federal government grant citizenship to any members of the Armed Services that have been honorably discharged, as well as spouses and loved ones of Veterans.

LULAC encourages every LULAC council to engage in advocacy activities consisting of letter-writing and media campaigns, and rallies to encourage congress to pass

comprehensive immigration reform.

LULAC supports comprehensive immigration reform legislation that:

- Allows undocumented workers already in the U.S. to contribute to the U.S. economy and society by providing them with a pathway to citizenship;
- Reduces the backlog of individuals seeking residency or citizenship;
- Recognizes that immigrants are an integral part of the U.S. labor force by addressing employment-based immigration needs and reforming the visa system for issuing permanent and temporary visas for high-skilled & low-skilled workers – this will allow workers to fill jobs already available to them and will better position the U.S. in the global economy and the global labor recruitment arena;
- Ensures strong worker protections are in place before any “guest worker” type provisions are considered,
- Reunites American families by allowing a U.S. citizen or permanent resident to sponsor their same-sex partner for immigration to the U.S., a right which is currently denied - this will not redefine marriage and would not repeal the Defense of Marriage Act law – however, it will benefit both these American citizens and the companies which employ them here in the U.S.; and
- Addresses our enforcement needs in a manner that is just, and consistent with our existing due process and civil rights laws.

IMMIGRATION- RELATED ADMINISTRATIVE ACTIONS

Absent the enactment of comprehensive immigration reform, LULAC strongly supports the President’s authority to take administrative action on immigration. LULAC supports the Deferred Action for Childhood Arrivals and the Deferred Action for Parents of Americans and Lawful Permanent Residents (DAPA) as models of ways the Executive Branch can take action to enact immigration reform. LULAC supports expanding these programs to include parents of DREAMERS. LULAC opposes frivolous legislation and litigation aimed at repealing those programs.

LAW ENFORCEMENT

Taser Guns were classified by the United Nations Committee Against Torture (CAT) on Friday November 23rd 2007 as a “Form of Torture” and “Can even provoke Death.” The Use of these weapons provokes extreme pain that can go as far as causing death. Reliable studies and recent facts occurring in practice have revealed “the consequences to the physical and mental state of the persons targeted are of a nature to violate” the provisions of the United Nations Convention against Torture. Over 300 people have been killed by police Taser since their use began in the year 2000; most of the victims of Taser torture and death are Hispanics and people of color. National LULAC opposes Taser use by Police Officers and Law Enforcement personnel and calls for Tasers to be removed from use by Police Officers and Law Enforcement agencies all together.

LULAC opposes the continued enforcement of the Secure Communities Act on people with less than a felony charge. LULAC opposes the detainment and deportation of anyone charged with less than a felony. LULAC does not honor the detainer policy in the Secure Communities Act. LULAC encourages State, County, and local law enforcement officers to be trained on the appropriate enforcement intended by the secure communities Act.

LGBT

LULAC supports efforts to dismantle discrimination against LGBT Latinos – including repealing Don’t Ask Don’t Tell and the Defense of Marriage Act. LULAC supports passing the Equality Act and other legislation aimed at addressing LGBT bullying in schools such as the Student Safety Improvement Act and the Student Non-Discrimination Act. In addition, LULAC opposes the ICE detention of vulnerable populations like LGBT immigrants.

MEDIA DIVERSITY

LULAC strongly advocates increasing Hispanic-oriented programming that includes positive portrayals of Latinos and that recognizes their contributions to the cultural breadth of our country. We are also advocates for ensuring more Hispanics are placed in high-level positions among the leading broadcast networks.

PUERTO RICO

LULAC reaffirms its strong support and will continue to fully and actively support these and any other efforts by their fellow United States citizens who reside in Puerto Rico regarding their legitimate right as U.S. citizens to be able to vote for the President and Vice President of the United States of America, as well as for their corresponding voting members of Congress.

SENIORS

LULAC strongly advocates for programs and legislation to protect the quality of life of Latino seniors, for fair cost housing, transportation for those with special needs, in homecare, employment opportunities, access to medical care and treatment services and health coverage, and the reduction of elderly abuse and fraud. LULAC seeks a reduction of costly prescription drugs and a streamlining of Medicare prescription drug coverage.

SOCIAL SECURITY
LULAC opposes the privatization of Social Security and any tax cut plan that would compromise its future stability. Individual accounts and tax cuts should not be substituted for Social Security’s currently defined system. LULAC supports stronger benefits for lower income groups, women, and the disabled.

TECHNOLOGY
LULAC strongly believes that universal broadband access is the key to empowering Latinos to advance their education, careers and quality of life. A home broadband connection is vital to the economic success of Latinos.

We advocate for online content that assists consumers with important priorities, such as educational attainment, homeownership, health resources, and worker’s rights, among others. The content needs to be meaningful to our communities and provide useful and culturally relevant support. We request that government agencies modify their websites to address the concerns and needs of the growing Latino population.

LULAC supports the preservation of a free and open Internet that does not inadvertently shift the massive costs of increasing access, capacity and bandwidth onto the backs of consumers who can ill afford it in these dire economic times.

As a high percentage of computers in America are infected with malware and spam, LULAC encourages our legislative leaders to refocus their online security efforts to fight these security threats.

LULAC strongly supports modifications of the Lifeline program and insists that the plan not only focus on rural communities but also prioritize urban communities where high numbers of Latinos reside. In addition, LULAC fully supports the expansion and modernization of programs like E-rate.

WOMEN’S RIGHTS
LULAC strongly supports legislation that would guarantee pay equity for women, strong penalties for sexual harassment, and support for women who file complaints against their employers. LULAC supports the expansion of leadership development programs for women of all ages and encourages more Latinas to run for public office. LULAC strongly supports programs to protect women and their children from domestic violence and sexual abuse, and strong penalties for abusers that include but are not limited to community service, appropriate time in jail and mandatory anger management training. LULAC is concerned with the ongoing findings that Hispanic women fare worse in health and health care than other populations of women and strongly encourages better access to health benefits, literacy, and improved doctor-patient relationships.

WORKER’S RIGHTS
LULAC strongly supports the rights of working men and women to organize under the law and form labor unions dedicated to continuing the struggle for equality, social and economic justice. LULAC supports extending the benefits of a bountiful society to all workers, without regard to age, sex, race, nationality or creed, and to improve the working and living conditions of all workers worldwide.

The terms “Hispanic” and “Latino” are used interchangeably by the U.S. Census Bureau and throughout this document to refer to persons of Mexican, Puerto Rican, Cuban, Central and South American, Dominican, Spanish, and other Hispanic descent; they may be of any race.
The Government of Mexico

Would like to congratulate

Sheriff Tony Estrada

Es importante que nuestra comunidad sepa que nos estamos haciendo la prueba del VIH para ayudar a eliminar el estigma. Cuanto más hablamos sobre el tema, más se vuelve algo normal.
